Raising funds in aid of National Association for Colitis and Crohn's Disease

Colitis and Crohn's are inflammatory bowel diseases which can strike at any age and have a devastating impact on education, work, social and family life. Around 240,000 people in the UK have these conditions and there is no known cure. NACC provides information and support to all people affected, and also funds vital research.

Please support my **RED HOT event** and help to improve life for people affected by Colitis and Crohn's.
